

ROTATE. RESET. RUN AGAIN.

THE SEAL 2.0®

THE NEW GENERATION OF
SEALING TECHNOLOGY

 MADE IN GERMANY

WHAT MAKES THIS SEAL A **GAME-CHANGER?**

Unlike traditional seals that wear out and require costly repair kits, this one **can be used twice!** After its first cycle, simply rotate the rotor cups, and it's ready for action again. This is more than just a seal, it's a smarter, more sustainable solution for industries across Europe.

TWICE THE USE. HALF THE HASSLE. THE FUTURE OF SEALING STARTS NOW!
